Varsity Acres School SDP Meeting Feedback 2025

School Development Plan (SDP)

We share SDP information and updates in different ways. In what ways have you learned about our SDP?

School Council meeting—this is a nice way to learn about it

May not look for it otherwise

I like it being explained

And understanding ‘why is it important to me?’

Like being able to ask questions

If I read it online, I may not understand it

Super helpful—if I read the PDF, I would not necessarily know what it means

School Development Plan (SDP)

The SDP is developed with all students in mind. Do you agree that: Your child's learning can benefit from the goal(s), outcome(s), actions and resources in the SDP?

Yes

1000%

I like the calibration with the other schools

Overwhelmingly yes

Do you get feedback from the feeder middle schools and notice patterns or trends about achievement?

School Budget & Fees

What activities and services are most important to you?

- I would take it all
- really like all the experiences
- not too many expenses
- folks may not realize the extent of what is happening in the classrooms; information is being sent but they may not be seeing it
- appreciate that VASPFS is helping so much
- artist residencies—best bang for our buck
- possibility to share the estimated cost of activities for the year....is there a risk in doing this? Possible volunteers needed; how can planning ahead support parent planning of fee payment?
- I don't like receiving 'go on and make a payment' over and over again
- As much as possible knowing the fees ahead of time is great.

Do you agree that: The school fees you pay are reasonable considering the benefit they provide your child?

- It is a lot of sports this year—skiing, swimming, alien inline skating
- Yes, they are reasonable, and they do benefit my child
- I think things that offer kids new experiences are a priority for me. Getting exposed to something like the CPO was wonderful, because many may not have had that experience otherwise.
